KHADIJAH TRANSIT HOME

What is Khadijah Transit Home?

A waqf-based initiative providing temporary housing for families of patients receiving long-term treatment (e.g. cancer, heart surgery, dialysis, stroke recovery) at Hospital Tunku Azizah (HTA) and nearby hospitals in Kuala Lumpur.

A TRUE STORY FROM OUR JOURNEY

“One of the families we supported travelled from Kuala Lipis for their daughter’s cancer treatment. They stayed with us multiple times—and shared that Khadijah Transit Home gave them more than shelter. It gave them strength.”

WHY THIS MATTERS

- > Families travel far to KL for treatment.
- > Without a proper place to stay, they suffer from fatigue, poor rest, and stress.
- > Financial, physical & emotional strain is real.
- > Hotels are expensive, hospitals are not built for rest.
- > Khadijah Transit Home offers a dignified solution.

OUR MISSION

We aim to expand Khadijah Transit Home through community and corporate support — giving more families a place to rest near the hospital while their loved ones receive critical care.

HOW YOU CAN SUPPORT

Corporate Sponsorship

- Sponsor a full unit (signage logo, plaque, full branding, launching event)
- Fund furniture, maintenance, rent, food
- Get impact reports & recognition in our "Wall of Hope"

Individual Contribution

- Contribute via waqf
- Sponsor a night or a full family stay
- Every ringgit you give brings warmth — we'll show your impact
